GROUP 4

RELEASE 2 MARKS

Following are the results of your final project marking.

The project was tested in Android Studio with the following setup:

Android studio version: Ladybug feature drop 2024.2.2

Compile SDK: 35

Min SDK: 24

Target SDK: 35

Java Version: 11

Gradle plugin version: 8.8

Gradle version: 8.10.2

In some cases where the project failed to build using Ladybug, it was tested using Narwal.

After cloning a fresh copy of your repository, features were tested in order that they appear in the "Done" column on your group's Trello board. Testing terminated when a feature that failed to pass the "happy path" was encountered.

Each feature was marked as follows:

zero (0)--Missing, or not graded due to earlier failures.

51 pts--Not really: present, but fails happy path.

59 pts--Somewhat: fails boundary values or devious input.

63 pts--Mostly: no failures, but some rough spots.

71 pts--Mostly: no failures.

79 pts--Definitely: no failures, but not quite ready for Play Store.

95 pts--Excellent: no failures, Play Store ready.

Extra features were considered only if all other features achieved "Mostly." Additionally, extra features only result in extra credit if they are marked "Mostly."

Your Trello board doesn't contain enough detail to figure out some of the features on your app, which also appears to be a bit flaky.

	Section/+ Component	Mark	Score		Possible
	Marks				
+	Feature 1:	**Somewhat**	5.9	of	10

Create Account This feature should either have a "confirm password" field, or an option to make the password visible: it's too easy to mistype on a mobile phone.

+	Feature 2:	**Mostly**	6.3	of	10

Log in Feature/Authentication

These are components of the same feature.

+	Feature 3:	**Not really**	5.1	of	10

Add Income Screen goes mostly black, app stops responding. Retry causes a complete crash.

+	Feature 4:	**Mostly**	6.3	of	10

Add Expenses

+	Feature 5:	**Mostly**	6.3	of	10

Search Transactions

Is this the filter function?

+	Feature 6:	**Not really**	5.1	of	10

Smart Percentage Rule System It's not clear what this is.

If it's the percentages added to entries on the main page, they are not correct.

+	Feature 7:	**Somewhat**	5.9	of	10

Fixed Expenses Tracker Works, but "Optional" field is not optional!

+	Feature 8:	**Mostly**	6.3	of	10

Savings Goal Tracker

+	Feature 9:	**Somewhat**	5.9	of	10

Subscription Tracker

Once created, the Subscriptions view shows "no pool linked to this category" but there does not appear to be a way to add a pool.

+	Feature 10:	**Missing**	0	of	10

Category System Missing.

+	Feature 11:	**Mostly**	7.1	of	10

Visual Charts

This is a nice view.

+	Feature 12:	**Missing**	0	of	10

Notifications When Overspending

Could not find this feature. Missing.

Marks net score:	60.2	of	120

Total net score:	60.2	of	120 = 50%
